

Faith's Mission Offering for December

God's love in action!

Habitat's Mission:

- Habitat for Humanity of Williamson County, TX is a non-profit Christian ministry that brings communities and people together to create and sustain home ownership opportunities in Williamson County.

Habitat's Vision:

- A county where everyone has a decent place to live with hope and dignity

How Habitat Works:

Every day, HFHWC builds strength, stability & self-reliance in partnership with people in need of a decent & affordable place to call home. HFHWC partners with families & individuals in Williamson County to build better futures for themselves through the stability & security of owning a safe & affordable home.

- Through the Homeownership Program -- Each house built is sold to a qualified family with HFHWC holding the mortgage, ensuring HFHWC has sustainable revenue to provide more families the opportunity of homeownership.
- Through the Home Repair Program -- HFHWC helps Williamson County families sustain homeownership by providing interior & exterior home repairs for homeowners who earn less than 50% of the HUD median income rate.
- Through the Restore Program – HFHWC operates two retail centers, located in Georgetown & Round Rock, that are nonprofit home improvement stores & donation sites that sell new & gently used furniture, appliances & building materials to the general public at a fraction of the retail price. Proceeds from the ReStores support the mission & programs of HFHWC.

A safe, decent & affordable home plays a critical role in helping families create a new future, one filled with possibilities & progress.
