

## 2022 Fieldworkers

My name is Joe Redmann, and I am a senior at Concordia University Texas, studying to become a Director of Christian Education. I will be one of the two fieldworkers assigned to serve at Faith from CTX.

While I was born in Japan, I grew up partly in Colorado Springs, as well as San Antonio. My father was in the military and my mother worked as an elementary school music teacher. Together they helped raise both my older brothers and me. To that end, I played outside in the snow with them in Colorado and enjoyed video games in Texas, all the while attending church every Sunday. Thanks to my parents' strong faith, I was always interested in what the “man in the funny looking clothes” had to say every week, but it wasn't until we moved to Texas that I would fully start to make my faith my own.

As I navigated the convoluted labyrinths of middle and high school and the complex lessons depicted in the Bible, I was starting to learn more about who I wanted to be and how I could serve the Lord. After a quick chat with my DCE and Pastor, I was informed of a place called Concordia, and my path was set! Now as I start to close out my final year in college, I continue to learn more songs and play more music on my marimba and love my fiancé with the love and grace that God shows me daily. I am very excited to spend more time working alongside and learning from you all here at Faith Lutheran!

My name is Dale Jones. I am from the Fort Worth area and attend Concordia University Texas to study religious education. My hobbies include hunting and fishing which I also do at my family's ranch. My home church is St. John Lutheran in Mansfield, Texas, where I had my first calling. I felt led by the Holy Spirit at Camp Eagle in Rocksprings after summer camp my freshman year of high school. Ever since then, I have wanted to work in the church in some capacity. I will be helping out here at Faith Lutheran Church for my practicum class, as a fieldworker under Jonathan Loesch, and look forward to learning more about how to inspire others.
